About me

Skilled Frontend Developer with experience in building responsive, user-friendly, and visually appealing web applications. Proficient in HTML, CSS, JavaScript, and modern frameworks like React.JS and tailwind CSS. Strong eye for design and detail, with a focus on performance optimization and cross-browser compatibility. Adept at collaborating with teams to deliver seamless user experiences.

I'm always keen to understand the needs of people and businesses in order to make products more usable, enjoyable, and accessible.
